LabelMark™ Labeling Software

Easy, efficient, cost-effective labeling!

Brady's LabelMark™ Labeling Software offers features that make creating labels more efficient. Written specifically for identification applications in the telecommunication, laboratory and electrical markets where wire and cable marking is a constant and tedious job.

LabelMark labeling software is the easy solution for label design, editing and printing. LabelMark™ label making software is a fast system for creating new labels and printing professional, accurate and legible labels.

With built-in templates, wizards, fixed text labels and free form design, LabelMark Label Software simplifies label making in the electrical, industrial, aerospace, laboratory, and telecomm industries.

Available software versions:

LabelMark Standard features:

- Quickly enter copy into fixed-line text labels
- Add images, text, shapes, and 1D, 2D barcodes to your label designs
- Import data from MS Excel spreadsheets, databases, ASCII text files
- Design custom label material formats with the interactive custom part editor
- Save label designs as templates for faster printing
- Enter text into multiple lines simultaneously in wire marking mode for easier label reading
- Fix label design errors all at once with the error checking utility
- Save time in the design by defining wire source and duplicating and reversing the order to print wire destination for faster labeling

LabelMark Professional has all of the features of the standard version plus:

- Insert AutoCAD documents into your label designs
- Define the print quantity per label right in the design editor
- Associate label material parts to printers in the application defaults
- Batch print multiple label files in a single job
- Group your terminal blocks, wire, pushbutton, and panel labels in customer associated job files for easy kitting and knowledge transfer to other employees
- Electrical Applications Wizards to guide you through label selections for control panel labeling, wire harness labeling, and more.
